The current situation of the levonorgestrel intrauterine system (LNG-IUS) in conservative treatment for patients with early-stage endometrial cancer and atypical hyperplasia
Chen X.

Clinical significance of variants of unknown significances in BRCA genes
Choi MC.

Adjuvant chemotherapy in locally advanced cervical cancer: the ceiling remains unbroken
Gupta S.

The 34th Annual Meeting of the Korean Society of Gynecologic Oncology 2019: meeting report
Yim GW, Suh DH, Kim JW, Kim SC, Kim YT.

Human papillomavirus genotype-specific risk in cervical carcinogenesis
So KA, Lee IH, Lee KH, Hong SR, Kim YJ, Seo HH, Kim TJ.

Stage and histology of cervical cancer in women under 25 years old
Vale DB, Cavalcante LA, Andrade LA, Teixeira JC, Menin TL, Zeferino LC.

A randomized controlled trial comparing concurrent chemoradiation versus concurrent chemoradiation followed by adjuvant chemotherapy in locally advanced cervical cancer patients: ACTLACC trial
Effects of hormone therapy on recurrence in endometrial cancer survivors: a nationwide study using the Korean Health Insurance Review and Assessment Service database
Cho HW, Ouh YT, Lee JK, Hong JH.

Impact of vaginal brachytherapy in intermediate and high-intermediate risk endometrial cancer: a multicenter study from the FRANCOGYN group

Uterine smooth muscle tumor of uncertain malignant potential: fertility and clinical outcomes
Şahin H, Karatas F, Coban G, Özen Ö, Erdem Ö, Onan MA, Ayhan A.

Efficacy and fertility outcomes of levonorgestrel-releasing intra-uterine system treatment for patients with atypical complex hyperplasia or endometrial cancer: a retrospective study

Clinical comparison between neuroendocrine and endometrioid type carcinoma of the uterine corpus
Mei S, Gibbs J, Economos K, Lee YC, Kanis MJ.

A pilot study of gonadotropin-releasing hormone agonist combined with aromatase inhibitor as fertility-sparing treatment in obese patients with endometrial cancer

Conservative hysteroscopic treatment of stage I well differentiated endometrial cancer in patients with high surgical risk: a pilot study
Early experiences with PD-1 inhibitor treatment of platinum resistant epithelial ovarian cancer
Normann MC, Türzer M, Diep LM, Oldenburg J, Gajdzik B, Solheim O, Rud E.

Pharmacokinetics of cisplatin during open and minimally-invasive secondary cytoreductive surgery plus HIPEC in women with platinum-sensitive recurrent ovarian cancer: a prospective study

Prognostic importance of atypical endometriosis with architectural hyperplasia versus cytologic atypia in endometriosis-associated ovarian cancer

Prediction of survival outcomes in patients with epithelial ovarian cancer using machine learning methods

The influence of BRCA variants of unknown significance on cancer risk management decision-making
Chern JY, Lee SS, Frey MK, Lee J, Blank SV.

Actinomycin D shortage in the Brazilian market: new challenges for successful treatment of gestational trophoblastic neoplasia
Paulino E, de Melo AC.
